LUNCHES
Spring / Summer 2026
LES MENUS DU CHEF VINCENT THIESSÉ

Deeply rooted in the art of cooking, our experiences drive us to prioritize local, fresh, and flavorful products. Through close collaboration with our suppliers, we rigorously adhere to hygiene standards while embracing an eco-friendly approach: reducing packaging and waste. Our ingredients, carefully selected according to the season, are sourced as much as possible from the Île-de-France region. For us, the best cuisine is made with passion, and we hope that your gourmet break will be a moment of pure enjoyment.

Today, prepare to awaken your taste buds... We are pleased to present our Spring / Summer 2026 menu.

Vincent Thiessé & Pascal Noyer

AVEYRON MENU

THE AUTHENTICITY OF OUR PRODUCTS ON YOUR PLATE

STARTERS

DOMAINE DU SEIGNEUR

RHÔNE / CHÂTEAUNEUF-DU-PAPE, LIRAC, CÔTES DU RHÔNE

Born into a winemaking family established on the other side of the Rhône, Bernard Duseigneur took over the estate in 2002. After a stint in the City of London, he returned to his Mediterranean roots to continue the family legacy in Châteauneuf-du-Pape. Contrary to popular belief, the terroir is not solely composed of orange pebbles: it also includes red clay, limestone pebbles, marine sands, and silt from the banks of the Rhône. But great terroir alone is not enough: Bernard and his team foster soil vitality by encouraging flora and fauna, creating a true symbiosis between plant and terroir. This

approach, guided by respect for all living things, aims to preserve the integrity of the soil and reveal its potential with each vintage. "Seizing the opportunity that nature gives us, that's what biodynamics is for me," explains Bernard.

GREAT TERROIRS

Red, AOP Lirac "Antarès":

€32 (excl. VAT)

60% Grenache, 40% Mourvèdre - 50-year-old vines isolated by a thick forest barrier forming a natural boundary - hand-harvested - yield of 25 hl/ha - indigenous yeasts - separate vinifications in cement tanks with indigenous yeasts; the Mourvèdre is aged in one-year-old demi-muids for 12 months.

PLEASURE WINES

Red, AOP Côtes-du-Rhône "La Goutte du Seigneur":

€21 (excl. VAT)

50% Grenache, 50% Syrah - clay-limestone soil - 30-year-old vines - destemmed grapes - each grape variety is vinified separately. Maceration lasts an average of 2 to 3 weeks - aged in cement and stainless steel tanks.

PLEASURE WINES

White, VDF "La Goutte du Seigneur":

€21 excl. VAT

33% Grenache, 33% Bourboulenc, 33% Viognier - clay-limestone soil - 30-year-old vines - yield of 30hl/ha - direct pressing of all blended grape varieties - aged in stainless steel tanks.

DOMAINE JOLIVET

RHÔNE / SAINT JOSEPH

Located in the northern Rhône Valley, in the historic heart of the Saint-Joseph appellation, the estate harvested its first grapes in 2014. After gaining experience in France and abroad, Bastien Jolivet returned to the family estate to make wine alongside his father. Together, they ceased selling grapes to produce their own wines.

The estate now covers 8 hectares, primarily planted with Saint-Joseph red and white grapes. The hillside vineyards, facing south/southeast, rest on granitic soils,

ideal for Syrah. The vines are cultivated by hand, with particular care to preserve the balance of the wines.

In the cellar, vinification is carried out traditionally in stainless steel tanks with temperature control. Aging and malolactic fermentation take place in barrels.

LA CUVÉE DE LOUIS

White, VDF "La Cuvée de Louis": €30 (excluding VAT)

40% Viognier, 40% Roussanne, and 20% Marsanne, planted in Saint Joseph at 300m altitude on a terroir composed entirely of granitic sands. Yield of 45 hl/ha. Very late harvest due to the altitude, but complete phenolic ripeness thanks to the wind, which keeps the grapes healthy. Total destemming. Fermentation for approximately fifteen days in stainless steel tanks. Aged for 6 months in old barrels and stainless steel tanks.
